40 ft Container Roll-Out Warehousing System (CROWS™) MK-1

PRODUCT FEATURES

- > An inter-connectable, all-steel, cargo-carrying platform and warehousing system
- > CROWS can be rolled in and out of standard ISO shipping containers, or transported on a flatbed truck/trailer or MAFI trailer
- > CROWS can be stacked two or three high for transportation, potentially tripling shipping capacity
- > CROWS can be stacked up to four high for warehousing or nested up to ten high when not in use
- > 40 ft CROWS are compatible with 20 ft CROWS and can be stacked in various configurations for transport or warehousing
- > CROWS reduce quarantine risk as laden platforms are containerised and secure, removing the need to shrink-wrap cargo
- > CROWS provide a platform to facilitate ergonomic loading and restraint of operational stores/Field Installation Work Packages (FIWP).
